* Game Story:

The Year — 1931; the "Golden Age" of mafia power. The Place — Manhattan, New York. This story is an account of a youth whose family was innocently trapped and killed in a bloody gang shoot-out, and who single-handedly fought against the Mafia to avenge their death.

* Play Instructions:

* The enemies hide and shoot at the player from various places. Move the on-screen gunsight and search the area for gangsters. Upon locating an enemy gang member, shoot him down him by pressing the trigger button before he shoots you. An on-screen arrow helps you locate the gangsters.

* The play begins with a total of 170 bullets, and he can increase his supply by hitting a small box hidden within various scenes of the game. In addition to increased ammunition, a bar of gold is placed inside the box for bonus points.

* Before a gangster enemy shoots at the player, a timer counts down on the lower right side of the screen. The player must locate and shoot the gangster or avoid his gunfire by pressing the defense button before the timer reaches "O".

* There are 8 different levels in the game. To advance to the higher levels, the player must gun-down all the gangsters in each level.

* In the last level, the player must shoot down the Mafia boss with one shot. If the player fails to get him, the boss will shoot the player.

* One player is lost when he is shot down or he has used all of his bullets. The Game ends when 3 players have been lost. The player can enjoy continuous play by inserting additional coin(s) during the "continue play" mode.
